SciQuest's Suzanne Miglucchi Receives Women in Business Award

Vice President of Business Development Recognized for Involvement with Community, Professional Success and Leadership

CARY, N.C., August 12, 2008 - SciQuest, Inc., the global leader empowering enterprises to realize the potential of strategic procurement, today announced that SciQuest's vice president of Business Development has been named a 2008 Women in Business Award winner by *Triangle Business Journal*. The award recognizes Suzanne Miglucchi for her involvement with the community, professional success and unparalleled leadership. She was recognized on August 6 at the 11th annual luncheon and award ceremony.

Each year, the prestigious Women in Business Awards program honors influential Triangle businesswomen, as well as a lifetime achievement award winner. At this year's event, *Triangle Business Journal* recognized 26 outstanding leaders. "It is an honor to receive this award along with some of North Carolina's most respected and influential women," said Miglucchi.

The senior leadership of SciQuest give Miglucchi much credit for the company's success. COO Jamie Duke cites her accomplishments including her ability to "pioneer partnerships as we expand into new vertical markets – all with a fantastically positive 'can do' attitude. Suzanne has established herself in the Triangle community as a successful, entrepreneurial technology executive ... an impressive individual."

President and CEO Stephen Wiehe adds, "Suzanne was the lone marketer for SciQuest in our early years. She has always been a trail blazer and her ability to develop partnerships with leaders including Provista and Lawson as SciQuest moves into the healthcare and public sector markets is truly remarkable and will certainly accelerate our growth into these markets."

"Once again, we are honoring an incredible group of accomplished women," said Charlene Grunwaldt, *Triangle Business Journal* publisher. "The Triangle has a very active, impressive and successful community of professional women."

The Women in Business Award marks the fourth recognition bestowed upon SciQuest this past year from *Triangle Business Journal*. Additional recognition includes Best Places to Work, 40 under 40, and the Fast 50.

Profiles of the honorees will be featured in a Women in Business Awards special section in the August 29th issue of *Triangle Business Journal*.

About *Triangle Business Journal*

Triangle Business Journal, a weekly business newspaper, is the leading provider of local business news for the Raleigh-Durham-Chapel Hill area of North Carolina. *Triangle Business Journal* also publishes special publications such as *SPACE*, *Living in the Triangle*, *The Business of Law*, *Luxury Living*, *Research Triangle Relocation Guide* and *Book of Lists*.
